Web Page showing latest incremental backup:

The screenshot shows a web browser window with the BackupPC interface. The browser's address bar shows the URL: `hydrabkpc2.pcf.com/backuppc/index.cgi?action=browse&host=d10bradr&num=323&share=C%24&dir=/Users`. The page title is "Backup browse for d10bradr".

On the left side, there is a navigation menu with sections for "d10bradr", "Hosts", and "Server".

The main content area includes a list of instructions for browsing the backup, a "Contents of /Users" section, and a table of directory contents.

Contents of /Users
